

A Message From Our President & COO

For over 50 years, our focus has been on serving our loyal guests, owners, and members, as well as hiring, training, and caring for our talented and professional staff. Together, both guests and staff have become family, and we've treated one another accordingly. It's something we take great pride in.

Our resorts are open and our staff is committed to providing a clean and healthy environment by following a list of operating safety procedures necessary to mitigate the risk to our guests as well as themselves as laid out in our comprehensive CLEAN CHECK program.

At Divi Resorts, we want our guests to focus on what they have always enjoyed, making fantastic Caribbean vacation memories, relaxing with loved ones, and cherishing every moment with friends and family.

When you're ready to travel, you can rely on us, THE Caribbean Experts.

Thank you for your continued support. We look forward to welcoming you back to the Caribbean and serving you and your family.

Marco Galaverna
